From the Past Pupils

AMI holds a very special place in my memory. The wonderful lectures, the fun in the classroom, mischief and pranks and the companionship of friends. Talking back to teachers, I just want to say they teach us & give us a helping hand, they are forever ready to listen & be a friend. They have built much confidence in us although they were being really harsh.

Shradha Saini
Ex-student

I am very lucky that I studied in Asha Modern International (from V to XII). The best thing in the school is discipline among the students. All the teachers are very co-operative & helpful. The school not only provides education to the students but also encourages students to take part in extracurricular activities. May this school have a very bright future!

Tarun Chhabra

Asha Modern International School deserves all applause for genuinely serving the students of the Saharanpur and near by villages. I will be failing in my duty if I do not express my gratitude towards Asha Modern International School. It has gained great name in educational field and I am proud to be a student of this organisation.

Our Inspirations (Founders)

In loving memory of
Shri Bishal Chand Jain
(13th April 1913 - 8th Sept. 2004)

We little knew that morning
God was to call your name.
In life we loved you dearly,
in death we do the same.
It broke our hearts to lose you,
You did not go alone.
For part of us went with you
The day God called you home.

You left us beautiful memories,
Your love is still our guide,
And though we cannot see you,
You are always at our side.
Our family chain is broken,
and nothing seems the same,
But as God calls us one by one,
The chain will link again.

माँ तुझे नमस् और श्रद्धांजलि

Smt. Sushila Jain

(2nd Dec. 1919 - 28th July 2014)

ॐ शांति, शांति, शांति।

From The Chairperson & Founder's Desk

I begin by congratulating Asha Modern International School on its publication of second issue of the School Magazine 'PRATIBIMB'. I take this occasion to congratulate the Director, Principal, staff, students and parents for their strong sense of commitment, service and responsibility that has transformed this Institution into an outstanding and significant temple of learning today. This educational institution, as in the case of every other institution, had a small and humble beginning. It had its ups and downs during its ten years of existence. In spite of its glorious feat as one of the best Educational institutions in Saharanpur, it never compromises when it comes to imparting education and continues to remain an institution of service, catering to the educational needs of children.

AMIANS have proven their abilities time and again. Their quest quotient is positive. Their pursuit of excellence is bettered each time they are entrusted with any Herculean Task. Hosting CBSE Football Cluster in 2011 where 74 teams participated from U.P. and Uttarakhand and then hosting CBSE East Zone Hockey Cluster for Boys and Girls under 14 & 19 in which 43 teams had participated, have proven this.

As Edward Gibbon said in one of his speeches that , "the winds and waves are always on the side of the alert navigators", so AMIANS have proven their mettle to make every wind and wave favourable to their whims. It is this top class work of AMIANS which shows that they are capable of doing new things with great confidence. They are the best at what they do and if it were not for them so much would not have been done.

Parents can rest assure that the A.M.I. School is in great hands as under the vibrant, Leadership of Er. Bhavya Jain, the Director of the School and dynamic Principal Seemaa Selngh.

Now at this landmark of completing 9 years of love and service to all, I wish AMI God's abundant blessings for manifold successes in the years to come.

With Best Wishes

ASHA JAIN
(Chairperson)

As Thomas Henry Hunley said, "The ring of ladders was never meant to rest upon; but only to hold a man's foot long enough to enable him to put the other somewhat higher" We are the ring use us and place yourself in a better world.

Education is not all about studying and getting good marks, it is really a path to discover new things that we do not know about. Education empowers students with analytical abilities, leads to better confidence and fortifies one with immense will power. School years are crucial for the development of good habits and character which are the building blocks of excellence. The habit of study, the love for learning and the quest for knowledge are the three key elements essential to empower the students to become excellent professionals and responsible citizens.

"A person becomes perfect with education as he is not only gaining something from it, but also contributing to growth of the nation."

At Asha Modern International School, it is our endeavor to dwell deeper into true purpose of education by giving our students opportunities and environment that is constructive, inspiring, challenging and stimulating. Mario Andretti rightly said that, "The secret of success in life is for a man to be ready for his opportunity when it comes" We help each and every student individually to bring out their innumerable hidden talents, enabling us to shape and mould it for their bright future.

Beside rigorous scholastic programs, our students are always encouraged to participate in extra co-curricular activities from music, dance, drama, art, debates and public speaking to a variety of sports to social work to environment conservation

activities etc. We want each one of our student to pursue their happiness, blaze new trails and open new doors as it is important for a child to explore and find their strengths in order to reach their true potential.

"Our life is a journey; we learn and experience something new every day". We not only impart in depth knowledge of a particular subject but at the same time also ensure competent and constant growth of students. Our teachers are using their best methodologies to impart knowledge to the students, I am proud of the parents and teachers, who care, nurture and reassure the children so that they grow into mature and self confident individuals.

We would continue to inculcate an excellent mindset and strong ethics in our students through every phase of school life. I assure that AMIS will always remain the foremost temple of learning where there are equal opportunities to all so that they rise to their fullest potential. A value based education will remain the trademark of our education at AMIS.

"Every single one of you has something that you are good at. Every single one of you has something to offer. And you have a responsibility to yourself to discover what that is- That's the opportunity an education can provide".

Dr. P.D. Garg
D.H.M.S.(Hons.), M.D.(Ca)

From The Director's Desk

I want to initiate this piece of writing by conveying my sincere thanks to all the parents who have been instrumental over the years in scripting this phenomenal success for the School. We owe it to you for trusting us & our systems in place to provide your generation-next with the education to shape their precious tendencies & exploring their abound potentials. We are still in pursuit of excellence above par & landmarks beyond compare through our sharp tools that chisel intellects to perfection. AMI has completed 9 years of its fruitful services in educational field under stewardship of Ms. Asha Jain (Chairperson). It has achieved the distinction of being one of the fastest growing schools in Saharanpur. We are one of the largest premier educational institutions in the city with a vision to excel in all spheres. Set up in 2005, we have journeyed through all these years and gained the trust and appreciation of thousands of students and their parents alike. Our founder, Late Shri Bishai Chand Jain, has left behind a strong footprint of self-reliance and nation building who initiated innovative academic institutions for the betterment of students. People like him awaken us to a new understanding with their wisdom.

Hence, we strive to create an academic environment in which students are continually challenged and inspired to do their best possible work. We also strive to create a passion for learning in each child. A commitment to extra curricular activities, performing and visual arts and sport ensure each student learns within a boundary-less environment. Nevertheless, this gives scope for bettering every nuance in school running and for never being complaisant to stagnation! The mantra for success is only hard work and the right attitude pays. This direction enables the student to work and walk towards the paths of success and glory. It is easy to look at all the incredible things that AMIANS have accomplished during the years. I could easily list all the great events that have taken place over the course of time to prove our worth. However, it would fill up pages and pages of this magazine but I could not resist myself from mentioning that the CBSE had entrusted us with the two most prestigious clusters viz. EAST ZONE FOOTBALL TOURNAMENT 2011 AND HOCKEY TOURNAMENT 2013.

In 2011 we could hold CBSE Cluster III Football Boys First ever in Saharanpur as we believe in the words of Virgil, "They are able because they think they are able." This

is basic tenet of AMIANS philosophy. We believe in demonstrating care and commitment to the excellence. Our consideration is always to provide the best. The CLASS WORK put up by all made us proud over the course of event. The reward was an appreciation from CBSE in the form of giving us the responsibility of hosting CBSE East Zone Hockey Tournament, the constant efforts put up by Staff and Students display the true picture of integrity and oneness. Thanks to the opportunities we have had to work with one another with togetherness to make AMI a great School, as, Coming together is a beginning, keeping together is progress and working together is A SUCCESS'. The AMIANS, truly are one of a Kind.

In closing, I wish to express my thanks to all whose valuable contributions have made AMIS EDUCATION reach where it is today.

FELICITATIONS CONFERRED BY THE MEMBERS OF SCHOOL MANAGEMENT COMMITTEE (SMC)

Mr. A. R. Vashishtha

Another eventful year has passed and we feel pleased that the school is going to publish the Second issue of its school magazine - PRATIBIMB . We extend our heartfelt congratulations to the Director, Principal, Staff and the Students on this grand occasion. We have come a long way and are still heading forward.

Moral values are extremely important for building a society which is free from evils of violence, greed, hatred and jealousy. Whatever economic growth we achieve, whatever high amount of wealth we accumulate; our society will be afflicted by corruption, inequality and perversity, if moral education is ignored. We all pick up morals throughout our life; it is the education that moulds them into our character. Nobody is born with moral content in him/her. It is inculcated through education and experience. Besides academic excellence, Asha Modern International School is committed to inculcate in all its students strong ethical values of integrity ,politeness kindness and respect for elders .We firmly believe that education should foster confidence, discipline, clarity in thought and decision making ability to set and achieve goals and above all social responsibility as a lifelong process.

Mr. Atul Singhal

Asha Modern International School takes pride in providing a caring atmosphere to all its students. It aims to develop scholarly students with great self discipline ,intense perseverance and a zeal to excel which are the qualities required to meet the challenges of the modern society. We pray to the Almighty that AMI continues to live up to the vision of its Founders and, thereby, contribute to the greater cause of society by imparting purposeful education to students. Our best wishes for the success of the entire endeavor. Our Message to all the students is :

Ms. Nisha Garg

“ Dream high and touch the sky
Try with all might, till you achieve your aim
There will be encumbrances in your way
But never let them have their say
With your mind so versatile and your lips curving into smile
Share your talents with all you know
The flowers of your endeavour will blossom where you sow ”

From The Principal's Desk

With a salubrious campus that spans over 7 acres of superbly landscaped state of the art far away from the pollution of the city, AMI gives the students ample opportunities to fulfill their academic, cultural, sports and social potential. Its truly international ethos is reflected through the student community.

The curriculum is a blend of Scholastic & Co-scholastic. This pattern is followed not only in IX & X level but right from classes Nur. to XI and to some extent in XII too. The rich CBSE curriculum, culls the best. The Staff undergoes a rigorous selection process combined with a comprehensive training programme and workshops conducted on campus and by other forums to ensure a strong and efficient faculty base. Wi-fi enabled school campus and gigabytes optical fiber backbone with hi-speed lease line connectivity provide the school anytime and anywhere easy access to the communication highway. Soccer, Basketball, Athletics, Swimming, Badminton, Hockey and Lawn Tennis are among the major sports promoted. Talents in Histrionics, poetry, Painting and Music

are encouraged and honed through cultural programmes and performances.

At this unique institution, we hone the academic skills, fine-tune the aesthetic senses and work towards building a Holistic culture that values the individuality of each pupil, helping them realize their innate potential. Children are encouraged to explore and revel in the joy of learning. Rote learning is discouraged and Research Based learning is the norm, where each pupil is guided through an individualized work plan in consonance with his/her potential, thereby, providing a complete learning experience. We believe that Education's purpose is to replace an empty mind with an open one. We are of the conviction that giving roots of values is significant so that our pupils remain firmly rooted to the ground. We give our students wings of ambition, so that they can soar like falcons to touch the skies and endeavor to make them global citizens who can look beyond geographical boundaries and promote a culture of Peace and universal brotherhood.

The second edition of 'PRATIBIMB' is one such effort in this direction. We hope you would appreciate our efforts like before. I thank my editorial team. Their efforts are applaudable to the extent that echoes to the eternity. I also thank the Chairperson of the school Hon'ble Asha Didi and Revered Director Sir, Er. Bhavya Jain without their guidance this work could not have been accomplished so smoothly. In the end I would sum up in the words of Ralph Waldo Emerson, "What lies behind us and what lies before us are small compared to what lies within us".

Chief Editor's Message

**You cannot change the world,
But you can present the world
with one improved person -
Yourself.**

- Brian Tracy

It is a matter of great privilege and immense pleasure for me to be a part of the second edition of 'Pratibimb'- the school magazine.

Just as a MIRROR is an embodiment of introspection, retrospection, success, pleasure and aspiration representing and showing our true image and colour, the school magazine 'Pratibimb' too intends to capture and represent diverse facets (colours) of Asha Modern International School showing its real image and virtue.

One of the most striking facets (colour) of 'Pratibimb' is the reflection and showcasing the diversity of minds, thoughts, creativity, arts, skills etc. of the young souls of the school. It is said that a leader is born with the birth of every child. The only need is to provide an enabling environment, careful nurturing, and a spring board for meaningful blossoming, honing and effective use of unbound talents. 'Pratibimb' intends to fill this void for young minds to unleash their unparalleled innovative ideas.

'Pratibimb' is also a true reflection of all the diverse achievements and progresses made and being made by the school in fulfilling the coveted goal of imparting 'disciplined and quality education'.

I express my heartfelt gratitude to the Chairperson (Ms. Asha Jain), Director (Er. Bhavya Jain) and Principal (Mrs. Seema Seingh) for showing their trust in me and providing me with the unique opportunity of giving shape to our second edition of 'PRATIBIMB'. I wish to put on records the incessant assistance and cooperation from all my teaching and non-teaching colleagues and children in publishing of second issue of 'PRATIBIMB'. I would like to express my considerable appreciation to all authors of the articles in this issue of the Magazine 'PRATIBIMB'. It is their generous contributions of time and effort that made this issue possible. I am especially thankful to the members of the editorial team who have burnt their midnight oil for timely production of this edition.

At the same time I would like to encourage all our intelligent and valuable readers to consider sharing their special insights with 'PRATIBIMB' by forwarding their comments and suggestions for much meaningful and informative editions of 'PRATIBIMB' in years to come. I am hopeful that 'Pratibimb' will be enjoyed by all. I do hope that our magazine will continue to inspire, encourage and stimulate all the readers and remain a treasure that will always be cherished.

Priti Kaushik

"It Might Have Been"

- We will be what we could be. Do not say, "It might have been, had not this, or that, or this." No fate can keep us from the chosen way; He only might who is.
- We will do what we could do. Do not dream Chance leaves a hero, all uncrowned to grieve. I hold, all men are greatly what they seem; He does, who could achieve.
- We will climb where we could climb. Tell me not of adverse storms that kept thee from the height. What eagle ever missed the peak he sought? He always climbs who might.
- I do not like the phrase "It might have been!" It lacks force, and life's best truths perverts. For I believe we have, and reach, and win, Whatever our deserts.

A Report

This year our institution was full of activities and entertainments which altogether made the school life interesting. On each occasion there was maximum participation and involvement of students in various co-curricular activities with full zeal & enthusiasm.

After the final exams, the school reopened in the month of April. It was the time for a great event, holding a place of great importance in our hearts' core i.e., THE FOUNDATION DAY, i.e. 25th April; the celebration was organized for the event. The programme started with Saraswati Vandana. This was followed by a birthday song & cutting of the cake by our respected Director Sir after which the students presented electrifying dance performances & group songs.

The most moving moment of the morning came when Director Sir addressed the teachers & students and inspired them. He spoke about the ideals on which the school was formed. He recalled a few past incidents connected with the school. He also told the crowd how the foundation of the school was laid. He applauded the efforts put in by the teachers and staff who taught in the school from the very first day. The function came to an end with the school anthem.

Independence Day was celebrated with much joy and true patriotic spirit. After the hoisting of the tricolour by Director Sir, followed the march past. Then students staged a cultural programme to add colour to the celebration. This was followed by patriotic songs, dances and thought provoking speeches which made everyone feel proud to be an Indian.

This year, Teacher's day was a little different. The theme of the day was to give experience to the students of class XII about how teachers teach and run the school officially and academically. All the students of class XII were dressed in traditional attire. Arpit and Shruti played the Director's and Principal's role and did their best not only to look like them but also speak and act like them. The students pooled in to entertain the teachers with dance performances, speeches and skits.

A little more special on the Teacher's Day was a fulfilled program for teachers which included different games. It was a sight we'd never seen before. Director sir along with the teachers, were in high spirits and all smiles, being little kids once again, enthusiastic and taking pleasure in the smallest of things! It was the best expression of students' love and gratitude for their guiding light..... the teachers.

In the month of October (from 18th Oct. to 23rd October) the main adventure was the CBSE EAST ZONE HOCKEY CLUSTER, which was a grand success under the watchful eyes of our honourable Chairperson- Asha Didi, Director- Er.Bhavya Jain, Principal- Mrs.Seemaa Sel Singh, teachers, students and above all- Almighty God. On 18th October a grand opening ceremony was held. The programme began with the school choir's welcome song followed by the march past by different hockey teams from different districts of Uttar Pradesh, Uttarakhand and other areas. After that various folk dance skills, mass P.T and Yoga were displayed by the students which left everyone cheering for more.

A show par excellence had finally concluded with the National Anthem. It was truly a memorable day etched in everyone's heart.

This year, in the month October, we got brand new equipments for the music room - a new drum, guitars, Congo, keyboard, and amplifiers; thanks to the patronage of the Respected Director and support of Mr. Sonu in getting this done for the betterment of the students.

In the month of November when all were in a festive mood, Children's Day was celebrated with gaiety. A short cultural programme was organized. There was a big smile on the faces of children as the teachers put in tremendous effort to make this day a truly memorable one. The day was started with the assembly proceedings (but with a twist) as the prayer, thought, speech and the news reading was done by our teachers. These golden moments captured on camera would be cherished forever.

For the Christmas celebration; Christmas carols were rendered by the students of different classes followed by commendable dance performances by kids. The tiny tots left everyone spell bound in the show conducted by primary classes.

January included our patriotic feelings as we had our Republic Day celebration. The school witnessed a colourful morning as the tricolor was unfurled. This was followed by the patriotic group songs and solo songs sung by the teachers.

Throughout the year, on different occasions, we organized special assemblies where our school choir presented different songs matching the events that fell every month.

Finally on 14th February students bid farewell to their seniors with the theme Reminiscences. It was the efforts of teachers and students that made the farewell ceremony of class XII a memorable event for outgoing students. There was thrill and excitement in the auditorium. The expression of gratitude could be seen on students' faces. Many entertainment programmes and interesting games were staged for them. The programme was appreciated by one and all as it was presented in the way of Comedy Night with Kapil, very beautifully hosted by Himadra as Kapil and Shivam Bhargav as Siddhu Ji of class XC.

All in all it was a great year for AMI and an eventful one. A big thanks to our Directors Sir and Principal Maam

whose constant support and guidance (and smiles) encouraged us to give our musical best throughout the year and made the year a fabulous and memorable one for everyone.

Thanks to all for lending a helping hand.

We pray to God to bless our school with so that we all may reach the heights which may prove as milestones for others to follow.

Bye!
